INTEGRATION WITH
TABLEAU IS NOW
AVAILABLE!

Take your data visualizations to the next level by
integrating ValueTrak data with Tableau.

Serving World-Class CUSTOMERS

THE VALUECENTRIC DIFFERENCE

At ValueCentric, we provide end-to-end data visibility from the manufacturer to the patient to help companies maximize the value of their products. Our solution, ValueTrak, is a business intelligence platform designed and perfected for the healthcare industry.

Data collection, processing, & storage

Master Data Management (MDM) & cleansing

Flexible reporting & analytics

Integration with ERP and BI tools

Serving the Healthcare Industry

Pharmaceuticals

<u>Specialty</u>

<u>Medical Products</u>

ValueCentric knows Big Data

VALUECENTRIC CUSTOMERS INCLUDE

0+

PHARMA, SPECIALTY, AND MEDICAL PRODUCT MANUFACTURERS

AS A RESULT, WE PROCESS OVER

0

DATA FILES EVERY DAY

...AND MORE THAN

0 Billion

TRANSACTIONS PER YEAR

Put Your Data to Work

Pivot. Analyze. Report.

ValueTrak's powerful data visualizations are custom designed to make reporting on your channel data easier than ever before. Select from pre-built reports dependent on your industry and business needs, or join multiple data sets together with ValueTrak's ad-hoc builder. A flexible, intuitive interface makes report generation simple enough for the busy executive, and powerful enough for the analyst researching revenue leakage.
